

THE HOPECORE PROJECT

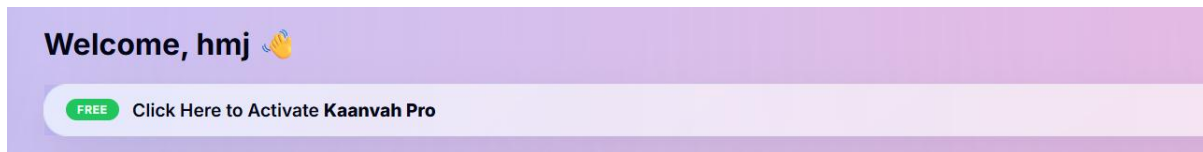

Step 1: Search Oxaam on Google / Browser and click the first link.

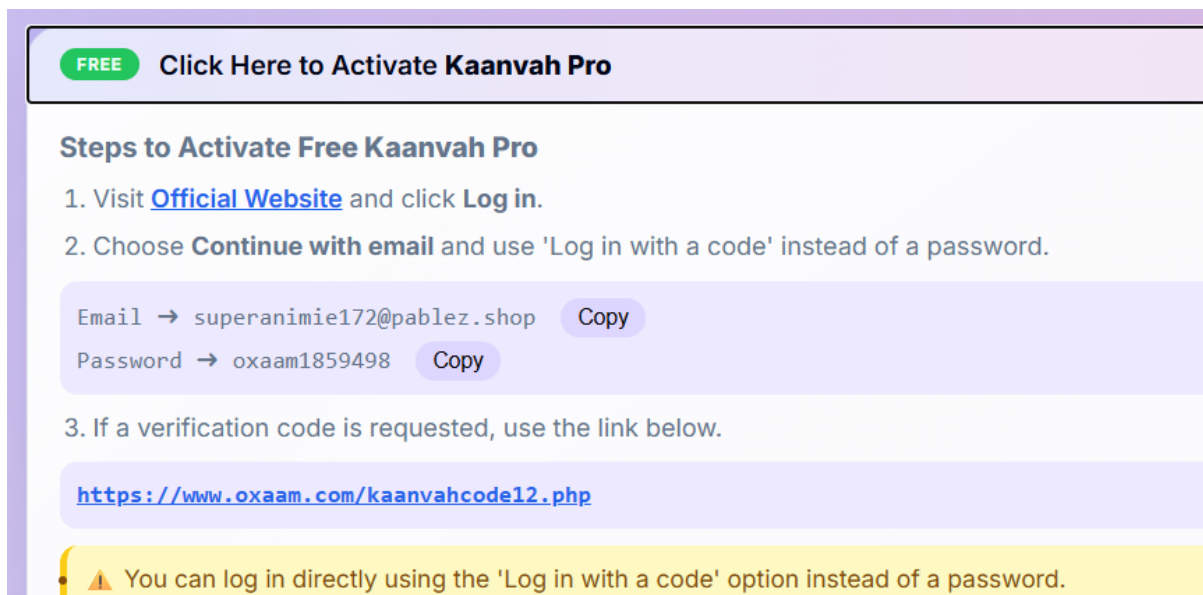

Step 2: Click on Create Free Account [tip if u don't want to use your own number use a temp number service such as temp-number.

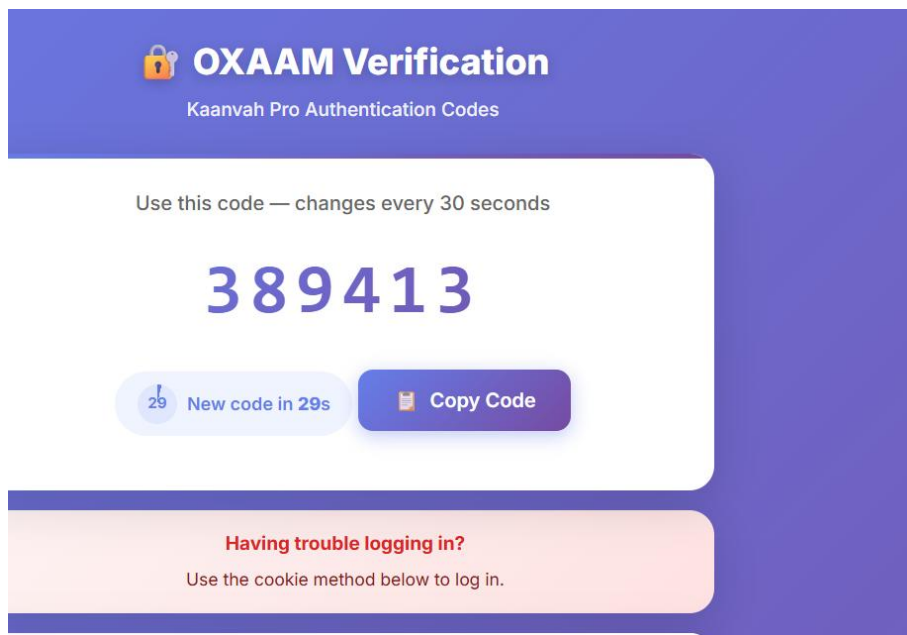

Step 3: Click on top Kaanvah Pro

Step 4: Use the provided mail and pass for login with email option. Once u apply mail and pass. It will ask for a code use the 3 verification link for the code given in oxaam.

Step 5: Use the code make sure to copy and paste before the 30 seconds. Don't worry if code is invalid new code will appear after seconds. If u got logged out use the same account for login in oxaam and do the same process.

Thus you can easily use CANVA Pro for free.
